

THE CLEAR SOLUTION TO A HEALTHIER POOL

The Sea Salt® swimming pool sanitiser provides a clean water solution without the need for costly chemicals, with the added benefit of creating a pleasant swimming environment.

ADVANTAGES

- 🏊 Sparkling water – looks and feels great all the time
- 🏊 Chemical dosing & testing at the press of a button
- 🏊 Highly compact system – all components located out of sight in pump room
- 🏊 Inexpensive, readily available PDV salt simply poured into pool periodically
- 🏊 Negligible chlorine odours

CLEAN & HEALTHY WATER

- 🏊 Water salinity level of 0.7% close to human body salinity level of 0.9%
- 🏊 0.7% salinity level well below 3.5% level of sea water
- 🏊 No more red eyes, dry skin or damaged hair
